

DEPARTMENT OF MEDICINE

SIR GANGA RAM HOSPITAL

30th Medicine Update

9th & 10th February, 2018

Venue

Auditorium

Working Women's Hostel

Sir Ganga Ram Hospital

Invitation

Dear Colleague,

The Department of Medicine, Sir Ganga Ram Hospital is organizing the 30th annual Medicine Update on the 9th & 10th of February 2018 and would like to invite you to grace the occasion with your presence.

With so many conferences around dealing with a myriad of subjects, it is often difficult to choose which to attend and which to give a miss. The medicine update takes pride in the fact that since its inception 30 years ago by the stalwarts of medicine, it has run nonstop with only one objective which is to deal with topics, clinical problems and situations which all of us see and face in our day to day practice. At the same time it has always been our endeavor to introduce the new and exciting developments in the field of medicine in a practical manner.

Like in its previous iterations, the scientific program has been designed to tailor to the needs of practicing consultants and family physicians. This year we will be having special workshops on the diagnosis and management of the often missed sleep disorders and the dreaded situation of having a patient with poisoning landing up in our place of practice.

As previously, credit hours are expected to be awarded by Delhi Medical Council. I hope that you have an enriching academic experience in the two days of this conference. Your presence and participation will go a long way in making this event a success.

With regards,

Dr. Kunal Chawla

Organising Secretary
